Land

KBM hopes to secure land where a building will be built to house our school, Covenant Christian Academy, which will then expand to serve My Father's House as well as the community. Church services will be held in the same building. Our vision for the future includes homes where KBM employees and interns as well as My Father's House graduates can find affordable housing.

A house for the interim

There are 2 homes in our neighborhood that are vacant and in need of work. We are offering the labor to fix them up in exchange for their use. This would provide housing for future interns and additional space for large teams.

Workshop / Storage / Deck

My Father's House desperately needs a workshop / storage room. We do a lot of building / maintenance in our yard as well as in the community. Having the space to be set up and organized would be a great blessing! Jim teaches our teens as well as young men from the community skills from welding to carpentry of all types. This workshop will allow projects to be done with greater ease. The plan is to build it connected to the pool so the roof will serve as a pool deck. Projected date of this construction is June of 2006.

HO! HO! HO!

Clough Baptist Church Cincinnati, Ohio

God has given us dear friends in this church body! Some have come to visit with this team and / or in earlier trips. Many more have sent their love and support with the ones who have come.

Even before the team arrived, we prepared daily practicing songs, dance and keyboard selections to share with others we planned to visit before Christmas. You see the children led in song by Aaron at Our Lady of Hope Children's Home, a home in Black River that we visited with our performance and hope to build a continuing relationship with. Below, you see Jody decorating socks to take to the Home for the Aged in Sav. We performed our songs, dance and keyboard selections at both the lady's and men's dorms at the infirmary.

The children entertained with grace and enthusiasm!

Visiting with the residents at the Home for the Aged was enjoyed by the children and adults alike.

Liz even got to visit with an aunt!

Bible School

a Big HIT!

Resident children at My Father's House shared the blessing of Bible School with about 50 other children from the community of Whitehouse. With the help of My Father's House staff, Clough Baptist Church conducted three fun-filled days of games, songs, crafts and Bible lessons sharing truths about God's love. The children learned about one true God and how He showed himself true to Moses, Daniel and Elijah.

Larry had as much fun as any of the children!

Extra hands and laps are always welcome!

Bear and Jadah enjoy the love Beth had to share. I trust Beth had a great week giving love away.

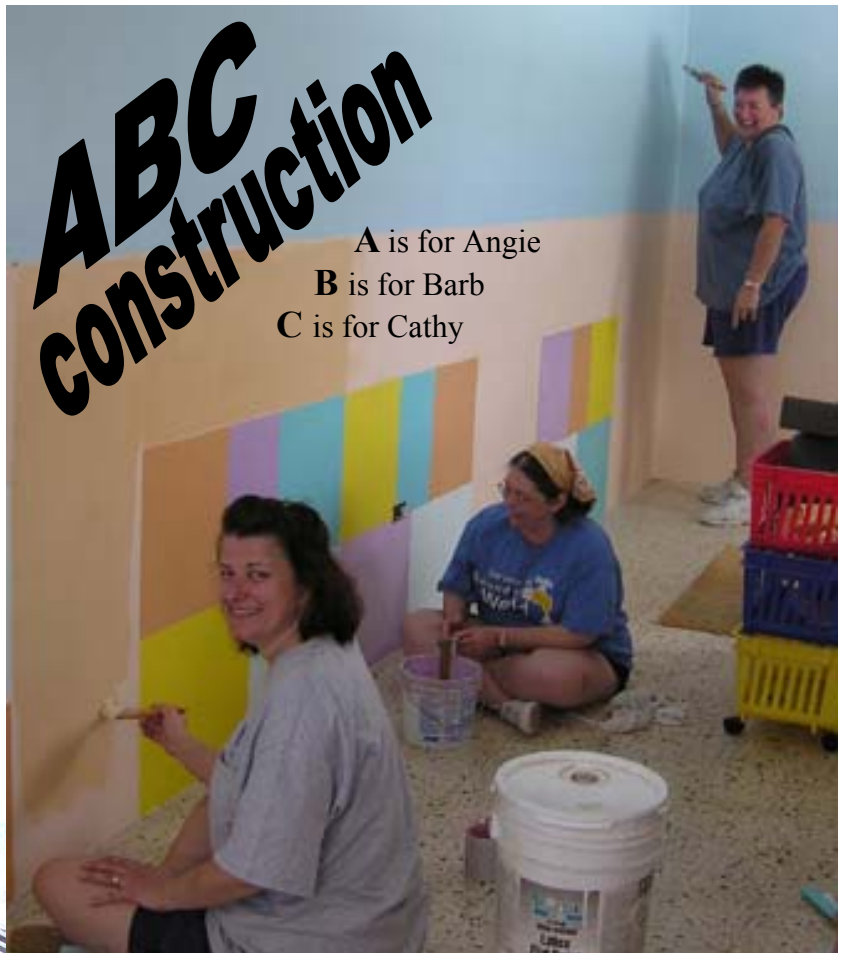

Team members and child sponsors are so very important to KBM.

THANK YOU!

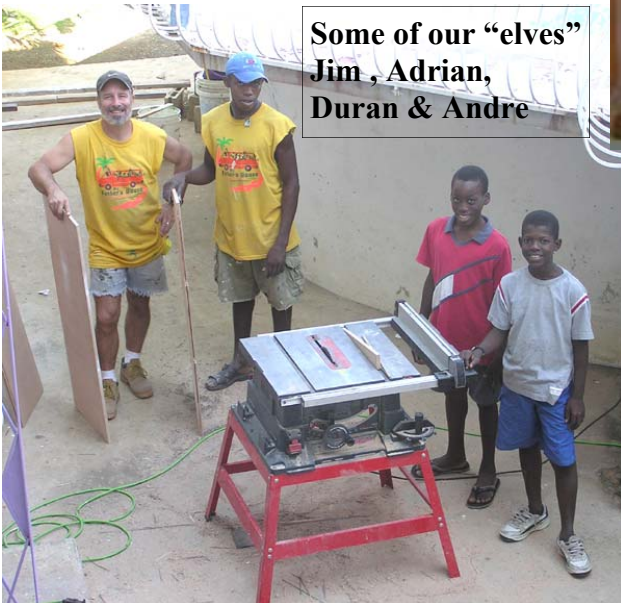

Most construction teams who come to serve at My Father's House only have one room or one project, like painting, to work on. This trio had an entire city to build! The goal was to build 8 condos and 8 businesses, and have them in move-in condition for Christmas morning! With the help of a few other "elves", the goal was achieved! Barbie Doll World was built for 8 wonderfully special little girls to enjoy this year and certainly many others for years to come.

The area at the top of the living room steps has been designated as Barbie Doll World for years, but never has it been so true. The area is perfect for such an activity since it is secure from the littlest hands and roughest boys and out of any traffic areas. The girls can easily disappear into a world of make believe with a short climb to the third floor. The area's walls are now lined with shelves and walls dividing the shelves into rooms. With a little imagina-

tion anyone can see each condo and visit the spaces designated for Barbie's shops, doctor office, school and many other business needed for a successful town.

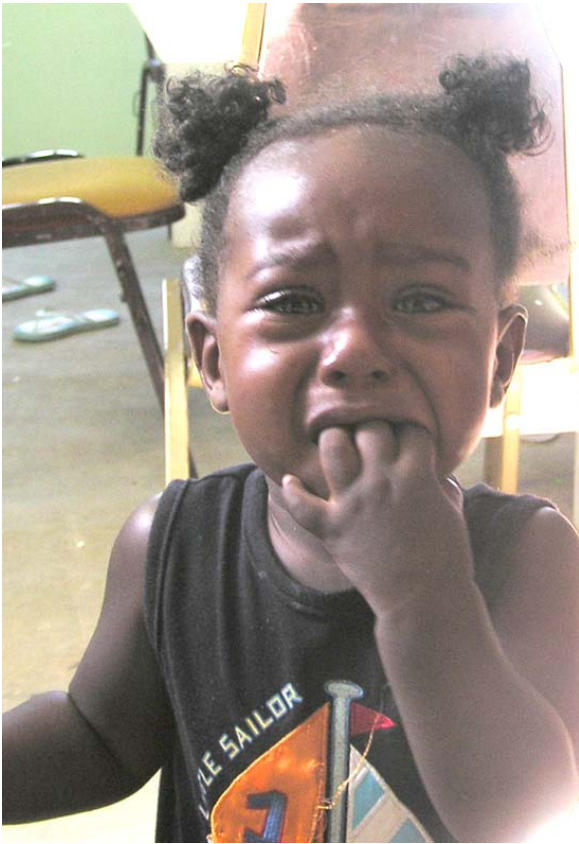

Two other elves, Liz & Rochelle, painted many walls. →

Meet Ramario!

Hungry, dirty and sick, Ramario came to My Father's House on December 12. Ramario's first birthday was Dec. 31, 2005. The impact God's love has in a child's life is quite apparent as you can see in these pictures. Many prayers were offered on his behalf as he cried continuously during his first month with us. Nourishment and TLC has helped him settle in to his new home. It's your prayerful and financial support that enables My Father's House to provide for Ramario and the other 25 other Jamaican children God has entrusted to our care.

THANK YOU!

Sharing Christmas Joy

The children at My Father's House know from first hand experience that one "reaps what they sow." They have many opportunities to share with others. During the Christmas season, we share fresh goodies baked by the children with friends and families. On Christmas Eve we traveled around to visit friends and family members. Many gifts were distributed. The children used points they had earned by doing chores to "buy" gifts from our gift closet for their family members they visited. Rose is sitting besides her blind grandmother whom she loves dearly. Rose gave her grandma some perfume this year.

KBM also blesses friends of the ministry and pastors whom God has placed on our hearts and given to us as dear friends. The typical Jamaican child **never** receives a birthday or Christmas gift. The small tokens of love we distribute bring great expressions of joy. Pictured here to the right are Presley's youngest children. They couldn't wait until Christmas morning to open their gifts. The ball and doll they received were likely well worn before nightfall Christmas Eve! One twenty year old young man whom we gave a gift to replied choking on his emotions, "This is the first gift I have ever gotten." Moments like those we shared on Christmas Eve keep us in touch with the reality in which God has planted KBM. Because of you, God's love is spread far beyond the walls of My Father's House and into the countryside of the south coast of Jamaica.

Mom's Back!

See the family resemblance? Yes, the lady in the middle is Andre, Jhenelle and Abby's mom. She's been in prison in England for about four years for carrying cocaine from Jamaica. The children will remain at My Father's House at least for the present. We agree with their mother that she must concentrate on rebuilding her life and they are well adjusted here. The children hope to complete their education and pursue godly futures. Please pray for this family as they rebuild their relationships with occasional visits.

There is an article on-line about their mother's return. You can read it at <http://news.bbc.co.uk/1/hi/world/americas/4629282.stm>
