A team from Cincinnati, OH was with us for a week in June. The team was made up of members from Clough United Methodist Church and Clough Pike Baptist. Members of the team were hand-picked by God! Various talents were evident and put in operation for the glory of God.

Our week began, as each week should, with a fabulous church service! There was no way we could fit in our small room we normally meet in for service.

With the help of the team and members of our church, we moved to the parking lot for that week's service.

It served the purpose well as the community gathered in and heard about the love of God. The team ministered with drama and puppets acting out the truth as Dave Sorrell, a children's pastor, explained facts of the Gospel and Jesus' love for children.

The rest of the week was filled with activity!

Each morning the team ministered in local schools. They had the privilege to lead more than a hundred children to the Lord during the week.

Each afternoon, the team provided a wonderful VBS for our resident children as well as local children. Our home became a very busy place filled with love, joy and activity—even more than usual. Attendance climbed to 67 children one afternoon! **Wow! What a God!** (the theme of the week)

The afternoon began with everyone together. Then the children were divided into groups and moved around visiting the different activities—Music, Crafts, Story Time & Snack & Games.

Each story time included a dramatization of some sort. These presentations helped the children remember the Bible truths they were being taught each day. Above Dave Sorrell is a judge explaining the penalty of sin is death, a penalty paid by Jesus for each of us. To the left Tommy is Jesus, sleeping during the storm.

Games and snack are loved by all! Each day the children

The crafts for the week were wonderful! They reinforced each lesson. The children loved every one of them. One of the most favorite crafts was decorating their own t-shirt. They also made rain sticks, held by the students to the right.

**The blessing is seeing a child smile like this!**

Besides offering the VBS during the week, the team also taught first aid classes. One such class was held at our local clinic. Pictured above.

Below is Sonja's house. Three previous teams helped build it a couple years ago. The porch was in need of some repair so the men on this team took care of that. Thank you!

**The most difficult thing about coming on a short term missions trip is leaving!**

### My Father's House The Family Grows!

Pictured here to the right Sashi (14 yrs.) is the older sister of Stephen (11 yrs ) and Boogsie (7 yrs). The three children were abandoned by their mother and left in the care of an alcoholic father. The government stepped in and rescued them from their situation. The boys have never been to school, but all three have potential to learn and grow at My Father's House.
